 - i. Motion to approve; seconded; approved
- V. Guest Speakers
 - a. E. Royster Harper - Vice President for Student Life
 - i. Thank you, I'm excited about bring here, hope your first day went well. Some are ready for fall break already? Thank you Noah for inviting me, David and Micah for all their work this summer. They've been doing great work trying to develop relationships with the administration. I am here in addition to welcoming you because I need your help to be frank. In my job I'm responsible for most of the things outside the classroom except varsity sports. Housing, health, international, union, career center, those kinds of things are my area. Our number one responsibility is to make sure they work for you. You are unique in your leadership role and a special role on campus – elected or appointed, extensive networks, role models for other student on campus. Last Friday we had moved in 6,500 new first years, largest class in Michigan's history. Every racial, ethnic, social and religious background that exists, 118 countries, all 50 states. Very large diverse incoming first year class. 750 MLead students, some first year who came early. Also last Friday fabulous convocation, 5000 students, staff, and faculty for a picnic. Last Saturday we started our football season the way we intend to finish it. I ran into Coach Harbaugh, I told him not to blow it. What does this have to do with you? We also rolled out in July a new sexual misconduct and intimate partner violence policy, a new policy that talks about implications of these things; we've already trained over 1800 students and 300

faculty and staff. I need you to make sure you know the policy, it's on our website. I hope you'll think about going to a training session or having one for your orgs. And the skills you need to intervene, we have to make it safe for everyone, you know what game day looks like. October 6th, we'll share the results of the DEI strategic plan, many opportunities to be engaged. We'll be sharing this with students. About 1 in 7 of these first year students identify as minorities, 1 in 7 are first generation students. We've been focused on making sure this experience is available to lots of students. I need you to help students feel welcome, notice things experienced by others, and ding something about it. I need you to go to the sessions, all day, in the evening, provide feedback, think about having difficult conversations, push the idea of expecting respect at Michigan, interrupt things that are disrespectful to make campus feel like the family we talk about. This is election year; we know it's important for you to be engaged, vote, if you need an absentee ballot get one and encourage students to vote. We want to push getting out to vote. We are coming into the bicentennial year, we need a bicentennial student advisory group, we need your engagement and involvement. What we think is a good time may not be what you think. We also need seniors...this will be your 2017 commencement. They are requesting if you're interested in helping create commencement we want to have a group of seniors to help us do that. We have four more home games, I need you to be safe, be thoughtful, we want a classy school spirit, keep your friends safe, we don't want to look like Lansing or Ohio that's not who we are, help us model that. We know, I'm predicting we'll roll into Lansing undefeated, I need us to be thinking about what might we do, watch party, etc. so we can watch the game together and be safe and classy about it. Those are three things right now I need your help and support on. I'm asking you as special leaders on our campus. If you're interested in any of these things you can email me, Laura Blake-Jones, Micah or David. Thank you for the work you're going to do, think about these points I've made. Questions?

1. Lucky – how many people in bicentennial commission? A – no idea yet, will include Flint and Dearborn
 - a. Rianna – DEI sessions? A – history, what the plan is. Every school and unit had to submit a plan; committee built that into institutional plan. A chance to understand it and provide additional input. We provide the diversity and the climate. Your understanding and work is critically important.
2. Max – MSU game watch party a thought or idea gone through? A – I'm thinking Chrysler. Big House, challenge is weather, that might be okay. We'll be talking to athletics.
3. Josh – headlines/changes to policy? A – standard of evidence not changed. Better to read yourself, in past unable to appeal findings can now do that. If appeal, external reviewer in new policy. Outside eye looking at it. Witnesses now identified. I'm missing something but those are three. New policy is stronger on defining intoxication, consent.

4. Noah – someone from SAPAC October 25th to talk about that.
- ii. Royster – my email is harperer, if there's any way I can be helpful to you, I hope you'll email, my job is to make this place work, if you could be the eyes and ears, we don't try to but sometimes we don't get it right, be candid and let me know. Really appreciate your time.

VI. Community Concerns

a. Blaine Coleman – Boycott Israel

- i. Everybody here remembers Israel bombed and killed Palestinians two years go. That alone is sufficient reason to boycott Israel. This campus has a moral duty to boycott Israel; they've massacred thousands more in 2008, 09, hundreds more in 2012, at least 1200 Lebanese in 2006. From its formation Israel's basic founding principle has been to massacre Arabs and steal their land. They don't know about the journalist, Israeli ballet, they know they've been massacring Palestinians and stealing their land from the get to. Needs to be boycotted. Their massacres have set an example for the world on how you deal with Muslims. Made the US government more comfortable about killing millions of Iraqis, inspired the US political spectrum to view Arabs and Muslims as terrorists on probation. Hillary said that she would obliterate Iran if they touched Israel. Trump said he wanted to keep all Muslims out of the US. If you believe Palestinians are your equals, I hope you do, you have to support this resolution to boycott Israel to maximum extent allowed by law. I hope resolutions will get this in front of you next week. Questions?

b. Mozghan – Boycott Israel

- i. Welcome, I've been coming to these meetings for many years, I'll come until umich boycotts Israel, racist Nazi state, information widely available, as many pictures, right now the community we are a part of is well aware of the crimes they've committed, atrocious behavior in the middle east, thousands of people in Israeli jails. Racist reasons to put people in jail. That's a routine in the west bank and Gaza. Racism against people of the Middle East you feel it on your campus. When I was your age South Africa was the racist apartheid state, we cut them out. Me and people like me on these campuses we organized and kicked them out. Nobody remembers today that racist violent sate. Israel will be the same, follow the same path of SA, it's you guys who will do it. I invite you to come and organize; I know it's difficult; many of your friends would look at you funny. No great person ever had support of everyone before saying right thing. Be brave, stand up, demand no ugly state as Israel be murdering people, be outraged, be angry, I've lived in Palestine. Questions?

c. Kate Stenvig – Immigrant Rights

d. Tyler Wood – Immigrant Rights

e. Shandria Vaughn – Immigrant Rights

f. Victor Mendez – Immigrant Rights

i. Pooled –

1. Kate – Hi I'm Kate, from BAMN, we were at the last meeting in April and the two resolutions passed were extremely important to this campus,

we got a ton of emails to our BAMN email list saying how much people appreciated the simple passing of that resolution and taking a stand against racism. Never gotten that many responses. Don't underestimate importance of that. We're moving into period even more important this assembly and bodies like this take more stands like that and take action on it, world has gotten a lot uglier, now we're facing two visions for the future for us and world. Ten-point program on immigration Trump put out, the Trump movement is dangerous beyond election. It's more important than ever for us to take a stand, defend immigrant rights movement, DACA and immigrant rights act, sanctuary cities, a war on immigrants. Trumps campaign is dangerous beyond election because he has been positioning himself to become a shadow president, supporting fascist and racist movements across Europe, building a real movement in the untied states. After the Brexit vote, widespread violent attacks on immigrants. Something at a time when there are more refugees than ever in the history of the world. We don't have to allow people who are...we're not saying this to say there's a boogeyman coming, we need to recognize the danger and really know we can beat it. This assembly and students on this campus have done in the past. In the next couple weeks we want to bring resolutions to defend DACA. I wanted to say...other thing recently, a lot more immigration raids. Over the summer Justin, BAMN leader, he's been an important leader, graduated from Berkeley, leader on this campus. He was picked up, came here from China in high school, on his way to teacher union convention, picked up by ICE, in detention since end of June in Monroe county, immigration court proceedings are worth seeing, you cant believe it's happening, irrational, no constitutional rights, judge denied bond, they say people are flight risks, without a movement demanding to stop deportation, this judge intends to deport him. He's been continuing being a civil rights leader in detention, a man from Ghana who's gay, if he goes back he will likely be killed or arrested. Similar case where judge said "didn't look gay." That's what happens in immigration court. Other thing Justin told us, met people picked up in Ann Arbor. Supposed to be sanctuary city. A number of people picked up by immigration, trying to find out more of where that happened, demonstrations at federal building and detention center itself. Going to be bringing resolutions, do whatever you can to circulate and sign petitions, follow leadership Justin has been providing, represent what majority of the world stands for, not building a wall but international community.

2. Tyler – hi, organizer with BAMN, I was going to talk more about lack of basic constitutional rights undocumented people have, legally considered alien, like when slaves weren't considered men. Don't have same rights formally, legally, socially, and politically. When we go to immigration hearings in Detroit not allowed in courtroom, judges are scared of us,

unconstitutional, immigration judges have own system that doesn't guarantee constitutional rights. Legally they're supposed to have rights. Conditions in center are deplorable.

- a. Lucky – motion to extend time by 5 minutes; seconded; approved
3. Tyler – Guards abused prisoners, put in isolation, try to get them to sign own deportation orders. ACLU case bringing class action suit because undocumented detainees don't have same rights when bonded out. A lot of restrictions on undocumented people that aren't same as citizen. Don't have to consider financial ability to pay. Required to pay full amount instead of collateral.
4. Shandria – Trump regime pushing forward, we have largest movement of people across borders in history. At this moment is crucial that Ann Arbor and this university reaffirm defense of sanctuary city. In Detroit have plan for city identification, access to banking, housing, education. we need to be pushing that here.
5. Victor – hi, also with BAMN. Four of the concrete demands we've been putting out, what we've been calling for years, especially since massive 2006 demonstration. Full citizenship rights, no more racist deportations, closing down detention centers, stopping Trump's racist vision for America. Building a movement on the streets, in the campus. We have an online petition you can get people to sign. Ann Arbor city council as well. Don't know how much you talk to them. I think there will be overwhelming support for Trump, we want to know how we'll stop Trump and stop what he's already started, racist movement judge Justin has is making stuff up. I think white racists in this nation fear immigrants and minorities, immigrants have been only people tried to make US says what it is.

VII. Executive Communications

- a. David – hi everyone. Hope everyone had a wonderful summer. Micah and I were here hard at work. Wanted to start with great news. Provost Pollack allocated enough money to CAPS to ensure able to hire 4 more full-time staff members, wonderful development, ration from 1:1300 to 1:1150, still work to be done but positive development. Just wanted to start with that. Received incredibly strong applications for executive committee, excited to introduce more than half of what will hopefully be our team. Crafting vision and mission for CSG, haven't seen vision that exists, will be sending out. Focused on six major objectives, would love to engage your thoughts. I'll be sending them out in an email. Increase student input, cultivate inclusive and safer campus, expand access to service and resources, conduct outreach with student body, and enhance student opportunities outside of classroom. Promote collaboration among student and orgs. Developments over the summer. Grant planning for alcohol free tailgate, chosen 17th 3:30pm game, risk is greater. Held on Elbel, will send out more info. First time ever, all committed to ensuring CSG diversity, commissioning demographic report on organization, diversity related to university on different matters, will be sending out

sometime this week, publishing report of findings. Hold us more accountable and allow to set objectives and measures going forward to apply to our future. If any checked emails just sent executive order calling for task force internal improvement task force, representing varying constituency on campus, first year representation, ¼ student population wasn't guaranteed representation, tasked by SGC, Jacob Podell of CSJ, rules committee, and member of assembly. Reach out if interested. Don't know if you saw in The Record, mlive, Daily, worked to introduce regents bylaw, taken out by regents in February 2011, highlights importance of student participation, VP of SL will work with students to ensure student participation. We'll introduce resolution reaffirming support of that bylaw change. Don't view as final product rather as foundation on which more specific efforts may be built with spirit of bylaw. What to priorities things CSG has focused on – food and housing insecurity, affordable housing and textbooks, gentrification of Ann Arbor is very real. Excited for the year ahead.

- b. Micah – hey everyone, welcome back. Handful of reps received emails, UC will be reinstated this year, first meeting September 19th, get in touch with school stu gov's president. I sent email about application for DPSS please email me back. Form to catch up and get to know everyone. David mentioned housing and food insecurity. Hydration stations, past weekend 5,000 water bottles, IFC Panhell, UHS, stay in the blue, LSA stu gov. please volunteer, each week will send out sign up sheet. Volunteer; just have to hand out water bottles.
 - i. Kendall – report about demographic public or internal? A- absolutely public, want to be held accountable.

VIII. Report of the Speaker

- a. Noah – Meredith started on initiative, SMTD rep, cars unused on weekends to rent or running to local grocery stores, great initiative, graduated, let me know if interested in working on that, can put you in contact. Following up on David and Micah. First time for demographic report. Opportunity to assess where we are, encourage you to take seriously, answer honestly, report made public only includes aggregate data, your answers will be private. No need to worry about that. Questions about retreat, on the 18th, 9am-1pm, I know you have commitments, working to make accessible. A few resignations. Austin Hatch, Nate Samuelson, Shamaila Ashraf, Becca Michael, Charlie Callis, Patrick M-K. Rules committee hard at work, contacted necessary orgs of student government to fill those seats, if you know anyone interested reach out to them. Couple instances of this already, turn off technology. Committee reports announce meeting times, don't have to be permanent, will be meeting this week. Starting now, due next Tuesday. Committee or hydration station. Last year started laptops instead of printing. Can be easy to get distracted, hold each other accountable. Will be out faster if paying attention. Reminder, always be respectful of each other, give full attention to each other and guests. Snapping/applause during exec noms, out of order during community concerns and debate.
 - i. Motion to extend by 2.5 minutes; seconded; approved
- b. Noah – I will be not be speaker shortly, please be nice to Tania, been working over past couple weeks, lots of long face times getting ready to lead this body. I was on assembly for 1.5 years before I became speaker and tough to adjust then. Different sitting up here.

Please be nice, she will blow you all away. Things handed out, nothing is before body officially, merely a handout. Excited to continue working with you all, would like to continue meeting with you all.

- c. Tania – past communication with Noah, forward or CC, may not know or be aware of all matters discussed. Will send out link to rep resources on Google drive, please add, will make easier to send out agendas.

IX. Representative Reports

a. Alex Ziegler

- i. Good to see everyone. Just sent this out don't have to look now. League dining options, still up in the air, important students have input, 10 years ago big taco bell drive. Important we have a voice. Committees thought formal would be better, Noah told me to write resolution. Not most active person here, will be in battle creek for month wont be here much, would like others to help with getting it going, feel free to talk to me afterwards.
 - 1. Lucky – Cam and others working on it? A – didn't really do anything. Some people at league can put you in contact with. People lost their jobs.
 - 2. Lucky – University pick restaurants or private? A – company bought rights to space, can still influence what company puts in there. Everybody wanted Ahmos at the time, now we have it.

X. Committee Reports

a. Communications Committee

- i. Katy - shoutout to Seth for ordering phone sticky things with CSG logo and website. Been meeting in past couple weeks, realized comm needs permanent members, resolution for next week to delegate tasks to. If you're interested in role, come to comm tomorrow espresso south U 4pm. Very few people have CSG on Facebook, you should like it, need you to use networks to share things we post. Point is for all students to see them, please be more active on social media. Grant planning CSG tailgates, giveaways, free pizza and water, I'll hopefully get umich snapchat for takeover. Hope to see you volunteering at festifall.

- 1. Pratik – which espresso? A – south U

b. Executive Nominations Committee

- i. Andrew – welcome back. Been hard at work, a lot moving forward. Hope you had a great summer.

- 1. Noah – meeting this week? A – yeah

- 2. Noah – exec noms, 5 members of committee pending confirmation tonight, others can go just vote on recommendation.

c. Finance Committee

- i. Max – hope you all had good summer, Patrick won't be with us this year, election for vice chair, tentatively meeting tomorrow 6pm espresso South U, if you're interested talk to me.

d. Resolutions Committee

- i. Lucky – work this body does, work outside assembly dependent on if you come, if you have work show up, if you want a different time we'll do it. Breaks my

heart when people bring forward resolutions no one's seen. We all get busy; if you're passionate about something go after it. Will email with meeting time, Sunday just don't know time yet.

e. Rules Committee

- i. Ramon – hey everyone, Jared can't be here, in California, doing research opportunity, meeting tomorrow 7:30pm Google hangout, will send out link email with that information. Talking about ethics overhaul as well as changes to absences and recall of member works.
 1. Husan – how do you set up resolution? A – email for rep reports, can do at beginning of meeting to amend agenda. Can email types of motions
 2. Noah – new placards some didn't come with cheat sheet if you'd like can put those in printer and add to back.
 3. Katherine – where's meeting? A – online, typically 6:30 here around offices usually in front.

XI. Election and Recall of Members

a. Confirmation of Ryan Kennedy as Ex-Officio for Club Sports

- i. Ryan – hi everyone, I'm a newbie, president of club sports, was here last year, working with you guys, growing club sports community and DEI initiatives on campus. Whole academic year, just started.
 1. Craig – what sport? A – tennis but represent all of them
 2. David – who's gonna win US Open?
 3. Motion to confirm; seconded; approved

b. Election of the Vice Chair of the Finance Committee

- i. Seth – Craig Motola; accepted; seconded
 1. Andrew – member of two committees? A – technically nothing prohibiting, would recommend try to focus on said committee
- ii. Motion to confirm; seconded; confirmed

c. Election of the Vice Chair of the Resolutions Committee

- i. Lucky – nominate Josh Martin; accepted; seconded
- ii. Motion to confirm; seconded; approved
- iii. Motion to consider items d, e, f, as block; seconded; approved

d. Confirmation of Alex Ziegler as member of the Executive Nominations Committee

e. Confirmation of Joe Ambrose as member of the Executive Nominations Committee

f. Confirmation of Chris McDonald as member of the Executive Nominations Committee

- i. Andrew – all great people, best executive cabinet being picked in history.
 1. Lucky – favorite interview question?
 - a. Alex – favorite toothpaste
 - b. Joe – best friend 3 worst qualities
 - c. Chris – greatest weakness

- ii. Motion to confirm all; seconded; approved

g. Confirmation of Jacob Lipnik as Associate Justice of the Central Student Judiciary

- i. Jacob Podell – good evening, I'll be brief. First time in history renominated someone, graduated in undergrad, back in law school, we oversaw two cases and a few advisory opinions, unanimously wanted him back.

- ii. Jacob Lipnik – feel free to ask questions
 - 1. How's law school? A – good
 - 2. Noah – why choose Ann Arbor? A – best city on the planet
 - 3. David – will do a great job
- iii. Motion to confirm; seconded; approved
- h. Confirmation of Noah Betman as Chief of Staff
 - i. David – Noah was logical choice for chief of staff, unanticipated, didn't run for speaker knowing, came to him a few weeks ago, immensely qualified, amazing person, dedicated, a joy to work with, always on top of his stuff, will make the most wonderful chief of staff. Only choice for us. All I have to say excited to work with him and for him to work with you.
 - ii. Noah – laid out a lot in email, unanticipated, would like to continue to work with all of you to make great year for CG.
 - 1. Lucky – what will you miss most? A- working with all of you in this role, helping guide you, writing resolutions, not everyone loves the mundane, policies and operating procedures, operating code, working in this role, excited to continue that as part of executive team.
 - 2. Joe – best friend say 3 worst qualities? A – ...
 - 3. Alex – still excited for dad jokes on a weekly basis? A – yes, Kohlton invited into the fray, look forward to timeline being bombarded.
 - iii. Andrew- we are confident Noah is the right person fro the job
 - iv. Motion to confirm; seconded; approved
- i. Election of the Vice Speaker of the Assembly
 - i. Noah – nominate Joe Goldberg; accepted; seconded
 - ii. Motion to confirm; seconded; approved
- j. Confirmation of Joseph Hansel as Student General Counsel
 - i. David – hello everyone, next nominee for Student General Counsel, unique and skill specific position, deal with governing documents. A couple reasons Joey we believe is strongest candidate. Prior experience on LSA Student Government executive board. Editing and worked with constitution. Updating and amending it. Additionally part of mock trial team, brings strong skill set in drafting legal memos, general understanding of case law, great skill set to have. Impressed with understanding and competency of CSG governing documents. Role should be clarified. Historically speaking, rarity for SGC to be law student, only two recent years was a law student not undergrad. Not the attorney general of CSG, major responsibility is knowledge and competency of governing documents. We strongly believe Joey demonstrated concrete and expansive knowledge of those governing documents. Impressed with his ideas to modernize and enhance those documents. I know a lot were reared with Jacob Pearlman, did incredible job, just want everyone to know role and responsibility will be different than last year. Jacob had full plate with amendment year; first year those policies weren't together, why he was working so hard. Unique year. Joey will not be tasked with that, major responsibility to look and ensure constitutionality of what we do and ensure government documents will be upheld.

- ii. Joey – hi there, macaroni and cheese enthusiast, look forward to working with you all.
 - 1. Whit – favorite cheese? A- Pepper jack
- iii. Andrew – great interview, liked extensive work experience, has mac and cheese at bottom of resume.
- iv. Motion to confirm; seconded; approved
- k. Confirmation of Grant Rivas as Chief Programming Officer
 - i. David – was Grant’s tor guide on St. Patrick’s Day. One of Cooper’s interns last year, did incredible work, library staff, great ideas to cooper, extensive knowledge of how CSG works and what executive looks like. Involved with music matters, organizing student networking event, wonderful addition to our team, touched on before, done incredible work setting up logistics, space, vendors for alcohol free tailgate, wouldn’t be possible without grant.
 - ii. Grant – second year in CSG, some experience on the job, looking forward to this year, thanks.
 - iii. Andrew – met with Grant, previous intern for Cooper, all ideas he has align with ours as assembly, went to my rival high school ill still give him the nod.
 - iv. Motion to confirm; seconded; approved
- l. Confirmation of Arathi Sabada as Chief Operating Officer
 - i. Micah – impressive applicant, last year Anushka’s intern, a lot of work in CSG, helped with wolverine consulting group.
 - ii. Arathi – group provides aid to student orgs on campus, they’ll send out to help, project management and communications.
 - iii. Andrew – met yesterday, got to know a little bit late, all activities and motives are right there, work with Anushka beforehand made us confident that she’ll hit the ground running
 - iv. Motion to confirm; seconded; approved
- m. Confirmation of Kohlton Johnson as Treasurer
 - i. Micah – very experienced with CSG, two years in SOFC, worked with us this summer as treasurer, handled budget fantastically, helped with hydration station budget. Excited for work he’ll do if confirmed.
 - ii. Kohlton- recognize a few faces from the summer, hope to live up to Kevin’s reputation whatever that was.
 - iii. Andrew – facetimed yesterday, got good feel about that, work with SOFC and around campus is great.
 - iv. Motion to confirm; seconded; approved
- n. Provisional Confirmation of A.J. Ashman as Senior Policy Advisor
 - i. Noah – excited, great application, great job as president of Bursley Hall Council, said his goal was to do more than just go to school. Make a difference; make the lives of others better. Wants to do that through work on CSG. Served on several boards, elementary school middle school started researching policies. Detail oriented work will serve him well.
 - ii. A.J. – hi everyone, excited to get to work, will focus on CSG now, always available, phone’s always on, will do whatever needs to get done.

- iii. Motion to provisionally confirm; seconded; approved
 - o. Provisional Confirmation of Nadine Jawad as Senior Policy Advisor
 - i. David – for those who know me I like analogies, JFK was speaking once... anyone who knows Nadine knows she is most talented person you've ever met, incredibly intelligent, dedicated social activist, I know she will do most incredible job on executive committee, brings experience and ideas, will make us better and this organization and advance campus, excited to work with her.
 - ii. Nadine – you all know me, I'm excited, I think new position will be awesome, excite to work with other exec members.
 - iii. Motion to provisionally confirm; seconded; approved
 - p. Appointment of Christian Bashi as Law School Representative
 - i. Christian - Was LSA undergrad rep and speaker, been travelling, great to be back in law school, thanks.
 - 1. Joe – how's law school? A – great
 - 2. Ramon – coolest place? A – Columbia...
 - ii. Motion to appoint; seconded; approved
 - iii. Motion to consider ethics committee members as block; seconded; approved
 - q. Confirmation of Christopher McDonald as member of ethics committee
 - r. Confirmation of William (Whit) Froehlich as member of ethics committee
 - s. Confirmation of John Shaver as member of ethics committee
 - i. Andy – Trevis has class, don't want to lose someone from Rackham, meetings 6:30pm on Tuesday. These three guys best out of three applicants, all solid applications, fully suggest we appoint them.
 - 1. Joe – don't need to meet weekly A- yes, next week at Munger.
 - ii. Motion to confirm q-s; seconded; approved
 - t. Provisional confirmation of Zena Shunnar as Deputy Programming Officer
 - i. Noah – incredible conversation, impressive interview, president of Markley hall council, successful programs already planned, excite to have her on board.
 - b. Zena – hi I'm Zena, excited to be on the team, work for the girl's basketball team, I'm the one filming.
 - c. Motion to provisionally confirm; seconded; approved
- u. New Business
 - a. A.R. 6-001: A Resolution to Protect Candidates Temporarily Absent from Campus
 - i. First reads
 - 1. Joe – It's a pretty simple, common sense resolution. Last semester I was in DC, ran as a representative and during the election couldn't physically be here, virtually attended the candidate's meeting on Face Time, as did my opponent for the seat. UEC decided to give both of us demerits, we were the only ones running for the spot, really sucks that it's a policy, we were gone for a school commitment. This changes the wording of the election code to protect students who attend via Face Time or Skype, confirmed by election director.
 - a. Chris – don't think says anything specific to school commitment is that intentional? A – more for students abroad temporarily, I

think is already in there for people who have school commitments, UEC wrote 14 page document in their decision, wasting their time

- b. Nadine – just representatives or all candidates including President and VP?
 - i. Ramon – meeting is mandatory for all – president and VP as well.
 - c. Whit – How would documentation work? A – I got confirmation from my hall director, could be acceptance letter to program, etc.
- ii. Comments on how to improve
 - 1. Husan – good resolution, needs some tweaks of wording, editing, to resolutions committee
- iii. Referred to rules committee
- b. A.R. 6-002: A Resolution to Encourage the Board of Regents to Reinstate Bylaw 7.01
 - i. First reads
 - 1. Noah – hello everyone, following up on what David and Micah were speaking about earlier tonight, work for previous CSG administrations as well, a lot of effort has gone into this, would read as follows: [reads resolution]. Pretty straightforward stuff, seems common sense to me.
 - ii. Comments on how to improve
 - iii. Referred to resolutions committee
- v. Old Business
- w. Motions and Other Business
- x. Announcements and Matters Arising
 - a. Noah- table at festifall, great time, meet students who are excited about student government, Diag, sign up sheet has been sent pit, please sign up for that, could count for attendance this week committee.
 - b. Francesca – Hi everyone, I'm the secretary. Just a reminder to please speak up and raise your namecard when you speak in the interest of transparency and accountability, the verbatim minutes are posted to the website. Second, the Chair of the DPSS Student Advisory Board, we'll be adding a few members this semester, let me know if that sounds like something that you or a friend might be interested in, it's a new board and it'll be really cool.
 - c. David – looking to fill additional spots, interested in spots for external appointments, students nominated by stu gov to serve on SACUA committees, low stress, low time commitment, one of student reps on SRAC last year, if interested please see Arathi or send her an email, also opened up internship program and commission chair and involvement forms, if you know students interested in applying, questions direct them to us. Changed some names around for commissions. Those who might not know, deal with DEI to academic policy to health and safety, major pressing issue don our campus. Demographic report will be going out some time this week, will send reminders, if interested on rules taskforce, please let us know, strong way to modernize and enhance documents on which CSG is built.
